CHEAP CABS ARE ASSURED.

Public Jehus Will Force Lower Rates in Order to Fight Trust That Reserves Best Paying Stands.

Will Appeal to Municipal and State Legislature for a New Legal Tariff of Reduced Charges,

The problem of cheaper cab service may be solved in this city very soon, and by no others than the cabmen them-

it will be necessary in order to knock out the tendency to create cab trusts at every profitable point in the city. Cab rates reduced one-half may be the

In any event, both the Municipal and State Legislatures will be asked to ame liorate the condition of the individual done or they will find themselves froze

The cab privilege of every prominen hotel and club in this city is owned by They alone have the right to keep their

respective all the trade.

In return for this they pay a special license of \$35 to the city, and in addition pay varying sums to the institutions favoring them. The cobman at the Waldorf-Astoria paye, it is said, \$14,000 a year to the proprietor; the man at the Holland House pays is per cent. of his net profits; Rector's receives \$2,000, as does Shanley's. Delmonico's and Sherry's receive larger sums.

In return for this no individual cabman may stop his horse and wait for a fare on either eide of the street within the bleek on which the hotel or club is located to the street within the bleek on which the hotel or club is located to the street within the bleek on which the hotel or club is located to the street within the bleek on which the hotel or club is located to the street within the bleek on which the hotel or club is located to the street within the bleek on which the hotel or club is located to the street within the standard. They are what is known as day men.

city. They are the most respectable and oldest cabmen in the city, with fixed sleek on which the hotel or club is located.

Buvious Liverymen Reach Out.
That, the cabman says, can be borne; but it has recently come to light that the liveryman has begun to set envious eyes on the well-known cabstands of the city, particularly at Union Square, Madianon Square. Thirty-third street and Broadway and Long Acre Square.
These have been public cabstands from

MEWS IN THE

bearing the label of the K. of L. were being manufactured in Jersey City, has reported that there is no assembly of cigar makers in the K. of L., and that the label which is used is one bearing the date of 187. The committee also stated that a former influential member of the Knights, if he does not desist in the disposing of the label, will be delat with according to law. The Hudson County Label Committee has promised to help the New York union in its efforts to prevent having these labels placed on the market.

At the last meeting of the committee Daniel Harris was elected president and P. Waninger, sergeant-at-arms. A new Day Agitation Committee of two, and a Night Committee of two, and a Night Committee of six, were also elected, and the credentials of Cigar Makers' Union No. 213 were received and delegates seated.

The strike of the machinists which is

The committee which was appointed tional Organization of Machinists, says by the Cigar Makers' Labol Committee that so far everything is progressing favorably and that he doesn't expect to call out any more men at present.

Makers' Union No. 213 were received and delegates seated.

The strike of the machinists which is now on in Paterson, N. J., is likely to develop a lockout, for it is reported that the bosses are uniting with that purpose in view. Delegate Williams, of the Na-Eilbacher, sergeant-at-arms.

burdens of mankind emporary advantage. I like them portunity for the growth of the brain. hough they may not be of a scientific. I like it that there has been such an character. I like them though they do enlargement of the system of arbitra-

character. I like them though they do not put an end to all the ills of life, and though they do not result in the transformation of the world. There is a song:

He hobbles along
Through the breaks and the bogs,
'Mong the rocks and old logs
He hobbles along.

This seems to be the never-ending and perience of the two-legged race to which we belong.
Hence I like to hear of every advance.
I like to hear of the advance of wages in so many branches of inquistry. Tens of thousands of families are the better off and the happier for this advance: they live better. The welfare of Fail of thousands of families are the better off and the happier for this advance; they live better. The welfare of Fall River has been increased by the advance in the cotton factories, and that of Pittsburg by the advance in the iron works. The daily burdens are lighter than they were.

I like also to hear that such large numbers of men in the skilled trades have secured a shorter work-day. From twelve hours down to ten and from ten

ers is great. The burden is lightened I like them even if they are only of and there is just so much more, op-
